## *The 66 Diner History*

The 66 Diner, located on Albuquerque's historic Route 66, is dedicated to preserving the spirit of the classic roadside diner. With its comfort food, nostalgic décor, and friendly service, it pays homage to a vanishing piece of America's history. The building, originally Sam's Sixty Six Service gas station, opened in 1946 and later became a full-service garage. Repurposed into the 66 Diner in 1987, it retains much of its original structure, including a mechanic bay now part of the dining area, and serves as a tribute to the cruisin' days of old. Despite surviving a devastating fire in 1995, the diner remains a beloved fixture, with its Streamline Modern architecture and vintage collections transporting guests back to the diners of the 1940's, 1950's, and 1960's.

Join our Cruiser Club and enjoy a free shake just for signing up, a free meal on your birthday, plus access to special offers and contest notifications. At 66 Diner, we're proud to showcase one of the largest Pez collections in America, with neon-lit displays of presidents, cartoon characters, and more. Our love for neon is evident throughout the diner, with vibrant signs, clocks, and décor that capture the spirit of Route 66.

And of course, it's all about the shake at 66 Diner! We hand-scoop real ice cream and blend it the old-fashioned way, serving up classics like the Grasshopper, Pink Cadillac, or our shake of the month. Served in a tall glass with the extra in a stainless steel cup, it's no wonder we're New Mexico's #1 spot for milkshakes!
